Home Share is an opportunity to give back and participate in a wonderful program that provides homes for individuals needing to share their lives with their hosts. Suitable candidates are those who are willing to share not only their homes but their life experiences with someone that might have some challenges such as developmental disabilities, behavioral issues, mental health issues, FASD and/or autism. The successful candidates need to have experience in the helping field.

We are currently looking for an experienced home share provider for a semi-independent individual who has mental health diagnosis that needs supervision with medication administration.

We are also very interested in recruiting homes with basement suites available for those clients who are more independent and prefer to have their own place.

Requirements for successful applicants:

- Complete a screening process which includes an in-depth home study
- Current first aid certification
- Valid driver's license and driver's abstract
- Successful completion of a criminal record check

If you feel that your career goals align with the requirements for Home Sharing and you can provide long term commitment, please submit your resume and cover letter describing your experience in the field, your household structure and a brief description of the community you live in.

Applications can be submitted to homeshare1@fraserside.bc.ca
