

Make a Difference Become a Home Share Respite Worker

Don't miss out on an opportunity with meaning

- Supporting and empowering people who experience intellectual disabilities
- Creating inclusive communities where everyone is fully accepted for who they are
- Experiencing relationships that will change you

Currently looking for caring people in the Surrey, Langley, Abbotsford and Chilliwack areas to provide temporary respite services on a contract basis for people with intellectual disabilities.

As a respite service provider, you will be supporting people with intellectual disabilities. But you will also be giving much-needed restorative time-off to their family members or loved ones who provide full-time care. Respite support that family members or loved ones receive is valuable for maintaining balance and reducing stress in their lives.

Bethesda Christian Association's mission is to support and empower people with intellectual disabilities and their families, experiencing the joys and challenges of life together. Bethesda's ministry is a Christian faith-based service.
