A fantastic opportunity in North Vancouver to work with a young man with autism and help him overcome his fears to help him live a fulfilling life.

The right candidate(s) will have the opportunity to work under the supervision of the Able Clinic, FTF Behavioral Consulting and training in Professional Crisis Management while helping to change the life of a young man with ASD.

Why you, why not you?

You like to connect; this young man wants to connect, you are patient and you want to make a difference; he wants a job, he wants friends and he wants to leave his room. His fears overwhelm him and you can help with the right kind of training.

Maybe you are a BI working with children and want a new challenge and work with an adult. Maybe you are someone that really wants to make a difference but don't know how.

A fantastic opportunity awaits the right person. The position is for 30 hours per week (Tuesday to Saturday)

The right candidate must be over the age of 19 and provide a criminal record check. A driver's abstract is an asset.

An understanding of autism or a strong desire to learn about autism is important.
