

The engagement sequence.

Build local teams.

Build local teams of knowledge and expertise that can work with us to ensure the best approach to engagement for their community.

Co-design.

In partnership with local teams, co-design an inclusive, accessible, community-centred approach to engagement.
(Discussions via Zoom.)

Session 1.

Host in-person sessions with youth, families and caregivers and community service providers.

Virtual report.

Deliver a virtual presentation to each community following session 1.

Session 2.

Return to community. Hold in-person sessions with broader community partners.

Summary.

Deliver a summary report of the engagement that belongs to and in each community.
