

Community-Led Collaboration Project

# We want to hear from families with children and youth with disabilities or support needs.

Families in Castlegar and surrounding areas are invited to participate in a conversation about services and supports for children and youth with disabilities or other support needs in your community.

We'll explore what is working for families, what is missing and what better services and supports could look like in order to inform the future of services.

Conversations in Castlegar in June are part of the first phase of engagement in the area. The second phase will be a broader, regional conversation in the Fall with additional communities in the West Kootenays.
